@MelanieNowlin all solids are game at that age unless there is food intolerance's, or swallowing difficulties. #lcchat

15-Dec-11 04:25 | askthelc

@MelanieNowlin sounds like a sensory preference - does she gag? try single texture food, Dry and crunchy, or wet and pureed. #lcchat

15-Dec-11 04:25 | nancyholtzman

@askthelc 15 months #lcchat

15-Dec-11 04:24 | MelanieNowlin

@MelanieNowlin what age are we talking? #lcchat

15-Dec-11 04:23 | askthelc

@nancyholtzman studies support NOT allowing babies to CIO, so we will have to agree to disagree #lcchat

15-Dec-11 04:23 | askthelc

@MelanieNowlin I used to use a tongue test - if I could dissolve it in my mouth with just my tongue, baby could probably gum it. #lcchat

15-Dec-11 04:22 | callmecass

@NurturedChild @askthelc any suggestions of "very soft" food? like, cheese or.. ? #lcchat

15-Dec-11 04:21 | MelanieNowlin

But not feeding crackers and pudding to 5 month olds. :) #lcchat

15-Dec-11 04:21 | nancyholtzman

@askthelc I used to think that too, but you know, they do turn out okay too. Really. It's just a diff way to parent #lcchat

15-Dec-11 04:20 | nancyholtzman

We in caring professions always want to FIX IT (I know I do). If only she'd.... (fill in). Can't always help, it's hard. #lcchat

15-Dec-11 04:19 | nancyholtzman

@nancyholtzman you're right. She is doing what feels right to her and I respect her as a mother! #LCchat

15-Dec-11 04:18 | babieschoice

@babieschoice the crying will eventually stop and thats the sad part. I call them zombiebabies. #lcchat

15-Dec-11 04:17 | askthelc

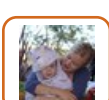

@callmecass not only water because that has some value #lcchat

15-Dec-11 04:17 | DesirreAndrews

@babieschoice there are many ways to parent. We're always sure our way is right. hard when parents do what we wouldn't. Their baby. #lcchat

15-Dec-11 04:16 | nancyholtzman

@askthelc it's just sad because the baby has already had a tough fourth trimester. Nonstop crying. #LCchat

15-Dec-11 04:16 | babieschoice

@MelanieNowlin I'm game. Shoot. #lcchat

15-Dec-11 04:13 | nancyholtzman

I know. I've been talking about this "Sheet" for over 15 years now. Now it's even online so people know I'm not making it up. #lcchat

15-Dec-11 04:13 | nancyholtzman

@askthelc @NurturedChild My kids all self weaned and ate solids when ready this is such craziness to tell mothers #lcchat

15-Dec-11 04:13 | DesirreAndrews

@askthelc @NurturedChild hey I got an actual question about solids, if anyone has time #lcchat

15-Dec-11 04:13 | MelanieNowlin

@NurturedChild @askthelc my neighbor just started her poor little four month old on rice cereal and sleep trained her too :( #LCchat

15-Dec-11 04:13 | babieschoice

@NurturedChild call me crazy, I waited for child to show interest in solids, which was 12 months GASP! #lcchat

15-Dec-11 04:12 | askthelc

@nancyholtzman when I hear docs telling women to add rice cereal to their expressed milk bottles to have baby sleep longer .. #lcchat

15-Dec-11 04:11 | DesirreAndrews

@nancyholtzman He recommends substituting JUICE for a bottle 2 - 3 times a week starting at 4 mos! \*faints\* #lcchat

15-Dec-11 04:11 | Stylin\_Momma

@askthelc LOL :) #LCchat

15-Dec-11 04:11 | NurturedChild

@nancyholtzman Wow.... #LCchat

15-Dec-11 04:11 | NurturedChild

@callmecass They suggest starting the weaning process at 9 mos so baby is done by 1 year. Arg! #lcchat

15-Dec-11 04:11 | beesandbeanslc

@NurturedChild "research" meaning advertisements from gerber? #lcchat

15-Dec-11 04:10 | askthelc

My sister was told by ped to start her (prem) baby on solids at 4 months based on "latest research". I must have missed something :) #LCchat

15-Dec-11 04:09 | NurturedChild

I can't make this "stuff" up. But I do need to deal with the sequellae. #lcchat

15-Dec-11 04:09 | nancyholtzman

Better sit down before looking. He's like million years old, sheet hasn't changed in 30 years. Notice other docs have own info. #lcchat

15-Dec-11 04:08 | nancyholtzman

RT @DesirreAndrews: It seems women need to more about what breastfeeding is like, pitfalls, overcoming issues & pumping - not anatomy. #LCchat

15-Dec-11 04:06 | onlyzie

@callmecass We have a ped in the area who rec lots of solids at 4 months, by 6 months, meats, and get this: PUDDING and Ice cream. #lcchat

15-Dec-11 04:05 | nancyholtzman

@NurturedChild @askthelc @MelanieNowlin Thankfully mom is totally on top of things, but makes me wonder who else gets that speech? #lcchat

15-Dec-11 04:04 | callmecass

@callmecass I don't know but stuff like that is certainly rampant. :( #LCchat

15-Dec-11 04:04 | NurturedChild

@askthelc I'm happy to help with pumping/exclusive pumping as well. I work x 15 years with very large pumping population. Very. #lcchat

15-Dec-11 04:03 | nancyholtzman

@callmecass not the AAP or WHO, that is for sure. #lcchat

15-Dec-11 04:03 | askthelc

@NurturedChild thanks Fleur happy holidays! #LCchat goodnight everyone

15-Dec-11 04:03 | babieschoice

15-Dec-11 04:02 | KimLiving

@nancyholtzman darn, I won't be around at that time. Volunteering in dd's class tomorrow. #LCchat

15-Dec-11 04:02 | NurturedChild

Can I vent for a sec? Met a mom today whose ped suggested she start weaning at 9mo. Luckily mom knew better! Where do docs get this? #lcchat

15-Dec-11 04:02 | callmecass

@Storygyrl That's cool. I've only spoken with Stephanie by phone since I'm Boston, she's Toronto. But she has good niche topic books #lcchat

@paola\_camp Welcome! :) #LCchat

15-Dec-11 03:52 | NurturedChild

@babieschoice Anxious to finish? :) #LCchat

15-Dec-11 03:49 | NurturedChild

@NurturedChild great news about your classes :o) #lcchat

15-Dec-11 03:49 | Storygyrl

RT @babieschoice: New #breastfeeding mothers are so vulnerable. One comment can be killer. #LCchat

15-Dec-11 03:48 | caitfem

Off topic, but I just wanted to share that I am frustrated with not being able to progress fast enough with my IBCLC courses! #LCchat #vent

15-Dec-11 03:47 | babieschoice

RT @DesirreAndrews: It seems women need to more about what breastfeeding is like, pitfalls, overcoming issues & pumping - not anatomy. #LCchat

15-Dec-11 03:47 | KimLiving

@NativeMothering worth trying. Start with getting the job. #lcchat

15-Dec-11 03:47 | Drjen4kids

@Drjen4kids I'll be starting my own classes in the New Year. :) #LCchat

15-Dec-11 03:47 | NurturedChild

@NativeMothering 70-80% of new moms bf. How can they afford to ignore that demand from their patients? And if they do? Loss of \$\$\$. #lcchat

15-Dec-11 03:46 | Drjen4kids

@NurturedChild good idea :) #LCchat

15-Dec-11 03:46 | babieschoice

Our moms want pumping info in the prenatal bf class. we can cover a little, but that's another entire 3 hour class! #LCchat

15-Dec-11 03:46 | nancyholtzman

@Drjen4kids Maybe I'm making it more complicated that it need be? #lcchat

15-Dec-11 03:46 | NativeMothering

@babieschoice You should let her know and provide her with some. :) #LCchat

15-Dec-11 03:46 | NurturedChild

@NativeMothering talk money. <http://t.co/BtAXYboz> #lcchat

15-Dec-11 03:45 | Drjen4kids

@Storygyrl ha! You and I posted the same thing at the same time. :) #LCchat

15-Dec-11 03:44 | NurturedChild

@nancyholtzman Most of the hospital classes here are how to be a good patient, not how to successfully breastfeed. :( #LCchat

15-Dec-11 03:43 | Stylin\_Momma

@iamambergmccann Public Health Dept has noted that fewer are taking prenatal classes so they have them online now! #lcchat

15-Dec-11 03:43 | Storygyrl

@iamambergmccann I find that many prenatal classes teach parents little besides how to be good patients. #LCchat

15-Dec-11 03:43 | NurturedChild

@NurturedChild I really love my OB, but she could give better information about #breastfeeding. Some resources, for example. #LCchat

15-Dec-11 03:43 | babieschoice

I am trying to decide if I want to add a breastfeeding class component to CBE series - been a CLE for years. #LCchat

15-Dec-11 03:43 | DesirreAndrews

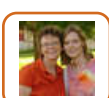

@nancyholtzman More moms are attending our class, but we are able to schedule it when they come for WIC coupons :) #lcchat

15-Dec-11 03:43 | beesandbeanslc

@iamambergmccann @beesandbeanslc That must have been before my time.... So sorry I missed that one!! #lcchat

15-Dec-11 03:43 | Stylin\_Momma

@iamambergmccann Many here take prenatal classes at hospital, learning how to be a good patient more than anything else. #lcchat

15-Dec-11 03:43 | Storygyrl

@NurturedChild When I first started in practice, I volunteered to teach those classes. Awesome way to build my practice! #lcchat

15-Dec-11 03:42 | Drjen4kids

@Stylin\_Momma @beesandbeanslc and Dr. Hale (one of my favorite sessions) #lcchat

15-Dec-11 03:42 | iamambergmccann

@Storygyrl Lucky for them to have an IBCLC teaching the class! :) #LCchat

15-Dec-11 03:42 | NurturedChild

@nancyholtzman I find that almost no one takes a prenatal class...and if they do, it is in a group of 20+ couples. #lcchat

15-Dec-11 03:41 | iamambergmccann

@DesirreAndrews That's wonderful. :) #LCchat

15-Dec-11 03:41 | NurturedChild

@Drjen4kids Basically how to pitch a proposal to a doctor. Never been done here. I'm "just" an IBCLC, how to make worth their while? #lcchat

15-Dec-11 03:41 | NativeMothering

@beesandbeanslc Ours are learning and networking events. We've even had Diane Weissinger come speak :) #lcchat

15-Dec-11 03:40 | Stylin\_Momma

Do a lot of your moms attend prenatal BF classes or get that with their CB classes? So many don't understand the value #LCchat

15-Dec-11 03:39 | nancyholtzman

@babieschoice Agreed! Postnatally, it is sometimes too late. #LCchat

15-Dec-11 03:39 | NurturedChild

A fabulous IBCLC made it possible for me to work through difficult TT issues w/#1 went on to nurse him & other 3 exclusively #lcchat

15-Dec-11 03:39 | DesirreAndrews

This! RT @babieschoice: New #breastfeeding mothers are so vulnerable. One comment can be killer. #lcchat

15-Dec-11 03:39 | HADwiggins

@NurturedChild better information needs to be reaching mothers prenatally. Across the board. #LCchat

15-Dec-11 03:38 | babieschoice

RT @Stylin\_Momma: So true! RT @babieschoice: New #breastfeeding mothers are so vulnerable. One comment can be killer. #LCchat

15-Dec-11 03:38 | NurturedChild

We have coalition meetings but they are always in Denver - #lcchat

15-Dec-11 03:38 | DesirreAndrews

@NurturedChild @Drjen4kids I have the same approach. Give them good info and a place to find support (often all they need) #lcchat

15-Dec-11 03:38 | iamamermccann

So true! RT @babieschoice: New #breastfeeding mothers are so vulnerable. One comment can be killer. #LCchat

15-Dec-11 03:38 | Stylin\_Momma

@babieschoice What did she say?? #breastfeeding #LCchat

15-Dec-11 03:38 | Stylin\_Momma

@HADwiggins @NurturedChild @Stylin\_Mama I love to see what projects/outreach activities others are doing! #lcchat

15-Dec-11 03:37 | beesandbeanslc

New #breastfeeding mothers are so vulnerable. One comment can be killer. #LCchat

15-Dec-11 03:37 | babieschoice

@Drjen4kids I love when I'm able to see moms prenatally. They often have no need to see me again, which is what I'm aiming for! :) #LCchat

15-Dec-11 03:36 | NurturedChild

The nurse when I had my daughter said something that would have made me give up on #breastfeeding if I hadn't done it with my son #LCchat

15-Dec-11 03:36 | babieschoice

@beesandbeanslc We meet once a month and have a big conference every year. Great for networking and continuing ed. #LCchat

15-Dec-11 03:35 | NurturedChild

@babieschoice @NurturedChild I call that the "dazed and confused" appointment. I'm so happy I can be there from the start. #lcchat

15-Dec-11 03:34 | Drjen4kids

@beesandbeanslc We have a strong lc resource group in this area. #lcchat

15-Dec-11 03:34 | HADwiggins

Do you all have state/regional LC meetings? Ohio (OLCA) has Breastfest every March & it is great to network there. #lcchat

15-Dec-11 03:33 | beesandbeanslc

@babieschoice It's heartbreaking to see how upset the mothers are & knowing that it could have been prevented w/better info. #LCchat

15-Dec-11 03:33 | NurturedChild

@NativeMothering The doc you work for, if you get a position, should be able to help you. Most have whole billing departments #lcchat

15-Dec-11 03:33 | Drjen4kids

ugh yes RT @babieschoice: @NurturedChild that seems to be the case all too often. Being steered wrong with misinformation. #LCchat

15-Dec-11 03:33 | DesirreAndrews

Can be a longer road to BFing but will come w/time, strength, growth of baby. Feed so he's healthy, nurse/pump to 10-20% over needs #lcchat

15-Dec-11 03:32 | nancyholtzman

@NurturedChild that seems to be the case all too often. Being steered wrong with misinformation. #LCchat

15-Dec-11 03:31 | babieschoice

@Drjen4kids I want to! I have emails out now, hoping to finally find the Medicaid info I need (reimbursement for dr/supervision) #lcchat

15-Dec-11 03:31 | NativeMothering

@beesandbeanslc Same here. I often see them when they're at the end of their rope. Sometimes can't salvage breastfeeding. #LCchat

15-Dec-11 03:31 | NurturedChild

@light\_uk - Agree with @nurturedchild. I say: 1. Feed the Baby #2. Protect the supply #3 Have "luxury" of time to put it all 2gether #lcchat

15-Dec-11 03:30 | nancyholtzman

@KimLiving Peer support is so important for us as well as the moms! :) #LCchat

15-Dec-11 03:30 | NurturedChild

@Drjen4kids I would LOVE to. @BreastfeedingNY does. #lcchat

15-Dec-11 03:30 | iamamermccann

@NurturedChild Moms are so exhausted and frustrated and have already been given 'advice' and misinformation by the time I see them. #lcchat

15-Dec-11 03:30 | beesandbeanslc

@Light\_UK Depends on lots of different factors. If baby sick and premature may need top ups for a while. Important to keep supply up #LCchat

15-Dec-11 03:28 | NurturedChild

@NurturedChild So true! I'm very grateful for our local group so we can pep talk each other & grow into this role together. #LCchat

15-Dec-11 03:28 | KimLiving

@iamambermccann I am a brand new Netti Pot convert. Avoided for 40<something> years, but now I see the light. #lcchat

15-Dec-11 03:28 | nancyholtzman

@NurturedChild That is hard :( Sometimes I feel like they start to shut down when I try to suggest something to help. #lcchat

15-Dec-11 03:28 | beesandbeanslc

@NurturedChild Fighting a cold...first time one has knocked me out in years. Took Nyquil for first time ever last night. Not again. #lcchat

15-Dec-11 03:27 | iamambermccann

@NurturedChild Seen several of those recently. Hands are practically tied in PC role, too. #lcchat

15-Dec-11 03:27 | NativeMothering

@beesandbeanslc Exactly. I'm aiming for that balance between getting my name out & not overextending myself or giving away too much. #LCchat

15-Dec-11 03:27 | KimLiving

@KimLiving It can be hard too to move from LLLL mentality to business person mentality :) #LCchat

15-Dec-11 03:26 | NurturedChild

@nancyholtzman AMEN! I did that as a mastectomy fitter pre-IBCLC. BUT, I hope we find a way to make it happen in future. #lcchat

15-Dec-11 03:26 | iamambermccann

@KimLiving Yes, I've seen that happen. #LCchat

15-Dec-11 03:26 | NurturedChild

How do I get poorly prem baby boy off bottle top ups? #breastfeeding #bfcafe #LCchat #bfing

15-Dec-11 03:26 | Light\_UK

@iamambermccann Hello! #lcchat

15-Dec-11 03:25 | beesandbeanslc

If you want to work for a Dr, need to know Medicaid reimbursement rules for your state. I've yet to find that info. It's gray area. #lcchat

15-Dec-11 03:25 | NativeMothering

@iamambermccann Hi Amber, how are you? :) #LCchat

15-Dec-11 03:25 | NurturedChild

@nancyholtzman Good info to know! #lcchat

15-Dec-11 03:25 | beesandbeanslc

@iamambermccann Hi! #lcchat

15-Dec-11 03:24 | HADwiggins

@NurturedChild Before this fall, we only had one in the area doing home visits & now there's a group of us. We're all LLL >> #LCchat

15-Dec-11 03:24 | KimLiving

@nancyholtzman Interesting! I'll make some calls on Monday! :) Thanks! #LCchat

15-Dec-11 03:24 | Stylin\_Momma

@KimLiving Agreed. I figure it helps to get my name out & build a reputation. #lcchat

15-Dec-11 03:24 | beesandbeanslc

@NativeMothering If you know the coding diagnosis, that is what they require. RN not required. IBCLC may be. #LCchat

15-Dec-11 03:24 | nancyholtzman

Rolling in late...hello all! #lcchat

15-Dec-11 03:23 | iamambermccann

@Drjen4kids And I wish you were in mine. :) #LCchat

15-Dec-11 03:23 | NurturedChild

@Drjen4kids The continuity of care in our community dramatically improved with hospital LCs referring to BF peer program. #lcchat

15-Dec-11 03:23 | beesandbeanslc

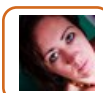

@nancyholtzman I'm trying to navigate my way through the reimbursement maze now. It's not so simple, especially for non-RN. #lcchat

15-Dec-11 03:22 | NativeMothering

@Stylin\_Momma It was slow in the beginning for me too, it takes some time to get your name "out there" #LCchat

15-Dec-11 03:22 | NurturedChild

@beesandbeanslc @stylin\_momma I find that the calls/e-mails have picked up since my certification, which is nice and not, y'know? #LCchat

15-Dec-11 03:22 | KimLiving

Even if client needs to pay up front, knowing that if they have XXXXX insurance, they will be reimbursed with superbill. #LCchat

15-Dec-11 03:22 | nancyholtzman

@Stylin\_Momma Look into that. We had one ins. payer would cover up to 4 visits with IBCLC. Call main ins. co's to ask coverage. #LCchat

15-Dec-11 03:21 | nancyholtzman

@KimLiving OUCH! My 6.5 yr old has done that with the freezer door handle a few times recently.... sucks. #LCchat

15-Dec-11 03:21 | Stylin\_Momma

@KimLiving @NurturedChild Luckily there are plenty of #LCinPP here. So people expect to pay, but getting my name out there is hard. #LCchat

15-Dec-11 03:21 | Stylin\_Momma

@Drjen4kids Wonderful! Would love to do something similar here. I see so many moms who are frustrated by conflicting advice. #LCchat

15-Dec-11 03:20 | NurturedChild

@nancyholtzman I don't know of any. :( #LCchat

15-Dec-11 03:20 | Stylin\_Momma

15-Dec-11 03:19 | Stylin\_Momma

@stylin\_mama do any area insurance reimburse for LC services? I find some don't want to pay, will only seek "free" help. #LCchat

15-Dec-11 03:19 | nancyholtzman

@Stylin\_Momma @KimLiving Same here: lots of emails from friends, but no PP consults yet. #lcchat

15-Dec-11 03:19 | beesandbeanslc

@NurturedChild @stylin\_momma I feel like, in our area, there have been so few PP LC's that people are balking at the \$. #LCchat

15-Dec-11 03:18 | KimLiving

Did a series of videos this week for all the nurses at my hospital. They have to watch them. Hopefully, more consistent messages. #lcchat

15-Dec-11 03:18 | NurturedChild

@NurturedChild Definitely. More are coming in for help though instead of weaning abruptly, so that is good. #lcchat
