I tried to make a tweetdoc of the chat but I don't think it worked. Can someone else try? #lcchat

29-Feb-12 19:14 | callmecass

Missed the last 1/2 of #lcchat due to mama call. I like the new time, even with work interruptions. Early nighttime may work also.

@NurturedChild Because my phone is incredible glitchy and crashes all the time. Not happy with the platform or the phone. #lcchat

29-Feb-12 18:52 | iamambermccann

@moonflowerlc Love the idea of using the phone for education/videos - so useful to be able to provide a visual ref for moms! #lcchat

29-Feb-12 18:52 | callmecass

@NurturedChild Hi Fleur, how do you like this time slot? #lcchat

29-Feb-12 18:52 | moonflowerlc

@callmecass are we chatting tech? I just got a mini tablet phone, v. excited about video quality and using it for show&tell w/ moms #lcchat

29-Feb-12 18:52 | moonflowerlc

@moonflowerlc How are you Monique? #LCchat

29-Feb-12 18:51 | NurturedChild

RT @callmecass: Yes! RT @SDLactation: Posting links to great info is a good way to stay away from appearance of personal advice #LCchat

29-Feb-12 18:49 | HelenGrayIBCLC

@HelenGrayIBCLC @iamambermccann @NurturedChild I had an Android and recently switched to iPhone. Not as familiar with BB options #LCchat

29-Feb-12 18:47 | callmecass

@iamambermccann @HelenGrayIBCLC Why switch to i phone Amber? #LCchat

29-Feb-12 18:47 | NurturedChild

Yes! RT @SDLactation: @HelenGrayIBCLC Posting links to great info is a good way to stay away from appearance of personal advice #lcchat

29-Feb-12 18:46 | callmecass

@HelenGrayIBCLC Some do work on BB, although I recently switched to Android. #LCchat

29-Feb-12 18:46 | NurturedChild

@HelenGrayIBCLC I have an Android but am going to switch to iPhone when I am able. #lcchat

29-Feb-12 18:45 | iamambermccann

Had lovely consult recently that was just a latching issue. It's always good to be reminded what a normal tongue & palate look like! #LCchat

29-Feb-12 18:45 | NurturedChild

@iamambermccann do any of these apps work on Blackberry, or have you all gone to iPhone and Android? #LCchat

29-Feb-12 18:44 | HelenGrayIBCLC

@HelenGrayIBCLC Posting links to great info is a good way to stay away from appearance of personal advice #lcchat

29-Feb-12 18:43 | SDLactation

@DanielleWrites I haven't used it in the last several days but I did find it crashing but assumed it was just my phone. #lcchat

29-Feb-12 18:43 | iamambermccann

I have seen amazing TT results too, right there in the room! Mums in tears because for first time #bfin didn't hurt! #LCchat

29-Feb-12 18:43 | HelenGrayIBCLC

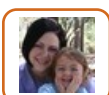

@HelenGrayIBCLC I try very hard to keep mine to information sharing only. If someone has specific question I move to e-mail/DM. #LCchat

29-Feb-12 18:42 | NurturedChild

@DanielleWrites It was fascinating to see the change as it happened. Parents couldn't believe the difference. #LCchat

29-Feb-12 18:41 | NurturedChild

@iamambermccann I'll be getting a clip also, but it was suggested because we aren't wee ones, a trip to orofacial myologist 1st #lcchat

29-Feb-12 18:39 | SDLactation

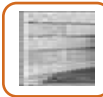

@SDLactation if there is a trusted resource for correct info, I post a link #LCchat

29-Feb-12 18:39 | HelenGrayIBCLC

Anyone have the infant risk center app? Anyone else notice its buggy as heck! #lcchat

29-Feb-12 18:37 | DanielleWrites

Considering getting my tongue clipped. After weekend and lots of talking, not wise to try and read "Fox in Socks" to 2nd grade class! #lcchat

29-Feb-12 18:36 | iamambermccann

@NurturedChild that is so awesome! Amazing how fast the "cure" can happen #lcchat

29-Feb-12 18:36 | DanielleWrites

I get specific Qs to my blog - try to use them to inspire informational articles (so, not specific to that one case). But it's hard! #lcchat

29-Feb-12 18:35 | callmecass

@NurturedChild It's so neat to be able to witness that kind of improvement! #LCchat

29-Feb-12 18:34 | callmecass

@NurturedChild haven't seen yours, but sometimes I see "diagnosing" and "prescribing" on FB, I like @iamambermccann no clinical" #LCchat

29-Feb-12 18:34 | HelenGrayIBCLC

LLL group has some degree of privacy. Online group is limited, to none. Consider closed group with invites or approvals #lcchat

29-Feb-12 18:34 | DeniseAltmanLC

Good tips! It's a hard line to find, because I want to help provide quality support to these moms, but without crossing that line. #lcchat

29-Feb-12 18:33 | callmecass

Observed a lip-tie release yesterday and change in shape of the baby's mouth afterwards was amazing. Baby is able to nurse now. :) #LCchat

29-Feb-12 18:33 | NurturedChild

@callmecass fine line of BF support online! Like a LLL group but without constant careful moderation of Leader, gets out of hand #LCchat

29-Feb-12 18:31 | HelenGrayIBCLC

@callmecass @iamambermccann This is why I manage my FB page like an on-line LLL meeting. I Leave most of the discussion to the moms. #LCchat

29-Feb-12 18:31 | NurturedChild

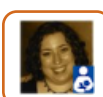

When you are leading group (online or IRL) open chat, implication is that advice is from you-even when stated by others. #lcchat

29-Feb-12 18:30 | DeniseAltmanLC

@callmecass Answering questions has to be generic. When its specific (pain, weight, diet, behavior) reply how to find local help. #lcchat

29-Feb-12 18:29 | DeniseAltmanLC

Love this - helps that mom find community, too! RT @iamambermccann: OR, I ask for input from the community of mothers on the page. #lcchat

29-Feb-12 18:29 | callmecass

And there is always the classic, "Many mothers find..." line! #lcchat

29-Feb-12 18:29 | iamambermccann

I loved the energy brought by newbies! #lcchat

29-Feb-12 18:28 | DeniseAltmanLC

@callmecass I find wording such as "some mothers find..." or "ask your doctor or IBCLC about this..." helps. #LCchat

29-Feb-12 18:28 | NurturedChild

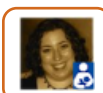

I agree. Otherwise so isolating! RT @HelenGrayIBCLC: Network of support is as crucial for #LCinPP as it is for new #bfing mamas! #LCchat

29-Feb-12 18:27 | callmecass

Specifically, how to answer questions without implying provider relationship. #lcchat

29-Feb-12 18:27 | callmecass

Q for socmed folks: How to walk fine line between general information and specific advice (e.g. on blog)? #lcchat

29-Feb-12 18:26 | callmecass

Network of support is as crucial for #LCinPP as it is for new #bfing mamas! #LCchat

29-Feb-12 18:26 | HelenGrayIBCLC

Loved following the #lcinpp tweets. Wonderful how SM can allow others to learn and participate! #LCchat

29-Feb-12 18:26 | NurturedChild

#LCinPP can be so isolated, feel whole world is against U, media, health services, legal etc etc. #LCchat

29-Feb-12 18:25 | HelenGrayIBCLC

Yes! RT @iamambermccann: Conference #lcinpp takeaway for me: Engage. Network. Collaborate. We're all in this together. #lcchat

29-Feb-12 18:24 | callmecass

@HelenGrayIBCLC That sort of captures it, yes! Now thinking about how to keep that energy and community going. #LCchat

29-Feb-12 18:24 | callmecass

29-Feb-12 18:22 | callmecass
