LCinPP conference 2012

Trending Words

#Icinpp, rt, ~, @dianaibclc, diana, @jeanetteibclc:, ibclc, moms, -, cassar-uhl,, #ibclc, &, hypoplasia, #breastfeeding, #goldlact12

Event Participants

Fall in love with someone together #breastfeeding #parenting #lcinpp

26-Feb-12 19:26 | LeighAnne625

Breastfeeding is part of a TEAM effort of parenting. #lcinpp

26-Feb-12 19:23 | callmecass

Parenting is a team sport! #breastfeeding #lcinpp

26-Feb-12 19:23 | LeighAnne625

Feeding the mother is feeding the baby. Good job for partner or grandma or sister. #lcinpp

26-Feb-12 19:20 | callmecass

Important for second parent to have a job beyond diaper changes. Have a unique and special role to contribute. #lcinpp

26-Feb-12 19:19 | callmecass

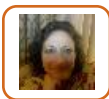

Brainstorming all the ways we can include the other parent in consult and baby care - specific jobs, targeted teaching. #lcinpp

26-Feb-12 19:18 | callmecass

RT @JeanetteIBCLC: Strategies for hypoplasia: emphasize the best possible birth/postpartum practices for increasing success. ~ Diana Cassar-Uhl, IBCLC #LCinPP

26-Feb-12 19:14 | LunulaThrive

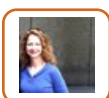

Dad can b gatekeeper and protector in charge of disconnecting moms shoulders from ears from workgroups #breastfeeding #lcinpp

26-Feb-12 19:14 | MaryLouIBCLC

RT @JeanetteIBCLC: Teaching dads breastfeeding management - sore nipples, mastitis, low milk supply - helps moms succeed. ~ Kay Hoover, IBCLC #LCinPP

26-Feb-12 19:05 | mytimeatlast

RT @JeanetteIBCLC: Research shows that providing breastfeeding education to dads increases breastfeeding success. ~ Kay Hoover, IBCLC #LCinPP

26-Feb-12 18:56 | AimeeLC

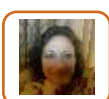

RT @seattleLC: word. RT @BirthSwell Want to learn from the master about audience engagement? Watch @LizBrooksIBCLC ! #LCinPP

26-Feb-12 18:52 | moonflowerlc

RT @seattleLC: #IBCLCs have you read your revised Code of Conduct? stay up to date! #LCinPP

26-Feb-12 18:51 | moonflowerlc

Dad should be involved in child rearing start with #childbirth and #breastfeeding classes #lcinpp

26-Feb-12 18:50 | MaryLouIBCLC

love this topic!...Dads' important role in breastfeeding #LCinPP Thanks Kay Hoover and April!

26-Feb-12 18:49 | seattleLC

RT @goldconf: Fostering Father & Family Support: Remember that dad can often see things mom can't while #breastfeeding. #lcinpp #goldlact12

26-Feb-12 18:49 | moonflowerlc

Dads need to know they are important, special, unique #breastfeeding #lcinpp

26-Feb-12 18:47 | LeighAnne625

RT @callmecass I think "We need more research" is the refrain of the day. Let's make this happen! #lcinpp

26-Feb-12 18:47 | DianalBCLC

Love! So true, for both mm & ibcl! RT @DianalBCLC: RT @lactagogue @Stylin_Momma Consult bag essential: high quality tissues. #lcinpp

26-Feb-12 18:46 | BreastfeedingNY

RT @lcmidwife Don't say "trust your body" to a woman with hypoplastic breasts". Counsel her and let her know what she's up against. #LCinPP

26-Feb-12 18:46 | DianalBCLC

RT @lactagogue @Stylin_Momma Had to drop the IGT bomb recently & we both cried. Consult bag essential: high quality tissues. #lcinpp

26-Feb-12 18:45 | DianalBCLC

Men have instincts too! #breastfeeding #lcinpp

26-Feb-12 18:44 | LeighAnne625

How can we best support dads to be the breastfeeding hero for moms having challenges? #LCinPP

26-Feb-12 18:44 | JeanetteIBCLC

RT @iamambergmccann: Fostering Father & Family Support: Dads are also having an "identity formation" time. #lcinpp #goldlact12

26-Feb-12 18:43 | forbabissake

Fostering Father & Family Support: Dads are also having an "identity formation" time. #lcinpp #goldlact12

26-Feb-12 18:42 | goldconf

Fostering Father & Family Support: Dads are also having an "identity formation" time. #lcinpp #goldlact12

26-Feb-12 18:42 | iamambergmccann

RT @JeanetteIBCLC: Teaching dads breastfeeding management - sore nipples, mastitis, low milk supply - helps moms succeed. ~ Kay Hoover, IBCLC #LCinPP

26-Feb-12 18:41 | moonflowerlc

RT @BreastfeedingNY: Remember to address issues of #breastfeeding in public & #bfinng & the law. It's on parents minds! Dads & moms! ~ Kay Hoover #ibclc #lcinpp

26-Feb-12 18:41 | jodinechase

RT @moonflowerlc: RT @iamambergmccann: fav resources for dads in #breastfeeding families: <http://t.co/D9aGbx4Z> #ibclc #lcinpp #breastfeeding

26-Feb-12 18:41 | MaryLouIBCLC

K. Hoover: Educate the fathers, an incredible opportunity to increase breastfeeding rates and success. #lcinpp #goldlact12

26-Feb-12 18:41 | goldconf

K. Hoover: Educate the fathers, an incredible opportunity to increase breastfeeding rates and success. #lcinpp #goldlact12

26-Feb-12 18:40 | iamambergmccann

RT @LeighAnne625: Fathers and grandmothers important influence on #breastfeeding #lcinpp via Kay Hoover

26-Feb-12 18:37 | moonflowerlc

RT @iamambermccann: Tweeting again from #lcinpp. The afternoon is filled with living #lactation legends: Kay Hoover and Diane Wiessinger. #goldlact12

26-Feb-12 18:36 | moonflowerlc

@LeighAnne625 - nice picture, did you see that? #lcinpp

26-Feb-12 18:36 | BreastfeedingNY

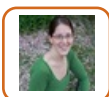

As we approach 2nd afternoon, the quantity of chocolate circulating skyrockets #lcinpp

26-Feb-12 18:36 | mamabear_ca

I share this, too RT @iamambermccann: One of my favorite resources for dads in #breastfeeding families: <http://t.co/e4jc81dV> #ibclc #lcinpp

26-Feb-12 18:36 | SanDiegoBFC

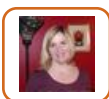

Research shows that providing breastfeeding education to dads increases breastfeeding success. ~ Kay Hoover, IBCLC #LCinPP

26-Feb-12 18:35 | JeanetteIBCLC

I'm in NY - send me info to share with my peeps RT @jodinechase: @iamambermccann possible action on the 29th at FBs marketing gig? #lcinpp

26-Feb-12 18:35 | BreastfeedingNY

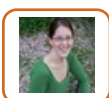

One way a dad helps with #breastfeeding #lcinpp <http://t.co/KIKcZKdj>

26-Feb-12 18:34 | LeighAnne625

How do we include dad when doing a consult? #ibclc #dad #parenthood #lcinpp

26-Feb-12 18:34 | BreastfeedingNY

Love it! RT @iamambermccann: One of my favorite resources for dads in #breastfeeding families: <http://t.co/q8wxudOI> #ibclc #LCinPP

26-Feb-12 18:33 | JeanetteIBCLC

Remember to address issues of #breastfeeding in public & #bfinf & the law. It's on parents minds! Dads & moms! ~ Kay Hoover #ibclc #lcinpp

26-Feb-12 18:33 | BreastfeedingNY

@iamambermccann Interesting resource - I hadn't seen that. Thanks for sharing! #breastfeeding #ibclc #lcinpp

26-Feb-12 18:31 | callmecass

Are fathers underused advocates for #breastfeeding #lcinpp

26-Feb-12 18:31 | LeighAnne625

@iamambermccann hey, while you are at #lcinpp, could you connect with NYC peeps about possible action on the 29th at FB's marketing gig?

26-Feb-12 18:31 | jodinechase

RT @iamambermccann [LactSpeaker]K. Hoover: WIC trained dads to be peer counselors to other dads (WIC pilot program in Texas 2004) #lcinpp

26-Feb-12 18:30 | JakeAryehMarcus

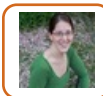

RT @iamambermccann: K. Hoover: Suggests prenatal classes for both grandmas and fathers! Build mom's #breastfeeding support system. #lcinpp #goldlact12

26-Feb-12 18:28 | jodinechase

RT @iamambermccann: K. Hoover: Suggests prenatal classes for both grandmas and fathers! Build mom's #breastfeeding support system. #lcinpp #goldlact12

26-Feb-12 18:27 | SimplyMotherInc

RT @goldconf: K. Hoover: WIC trained dads to be peer counselors to other dads (WIC pilot program in Texas 2004) #lcinpp #goldlact12 #LCinPP

26-Feb-12 18:27 | JeanetteIBCLC

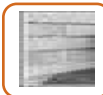

#breastfeeding rates increase at wic clinics where dads are peer counselors #lcinpp

26-Feb-12 18:26 | LeighAnne625

K. Hoover: WIC trained dads to be peer counselors to other dads (WIC pilot program in Texas 2004) #lcinpp #goldlact12

26-Feb-12 18:26 | goldconf

K. Hoover: WIC trained dads to be peer counselors to other dads (WIC pilot program in Texas 2004) #lcinpp #goldlact12

26-Feb-12 18:26 | iamambermccann

RT @lcmidwife "tell me what you've done to maximize your milk production" rather than "have you tried...?" empowers the mom. #LCinPP

26-Feb-12 18:26 | JakeAryehMarcus

Fathers and grandmothers important influence on #breastfeeding #lcinpp via Kay Hoover

26-Feb-12 18:24 | LeighAnne625

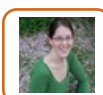

K. Hoover: Suggests prenatal classes for both grandmas and fathers! Build mom's #breastfeeding support system. #lcinpp #goldlact12

26-Feb-12 18:24 | goldconf

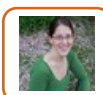

K. Hoover: Suggests prenatal classes for both grandmas and fathers! Build mom's #breastfeeding support system. #lcinpp #goldlact12

26-Feb-12 18:24 | iamambermccann

up next: Kay Hoover, M Ed, IBCLC, RLC, FILCA on Fostering Family Support for the Breastfeeding Family #LCinPP

26-Feb-12 18:24 | JeanetteIBCLC

@lactagogue I think it depends on why SNS used - I've found that moms who will need it for the duration (ie adoptive) love it. #LCinPP

26-Feb-12 18:23 | JeanetteIBCLC

Kay Hoover, presenting "Fostering Father and Family Support for the #Breastfeeding (or soon to be) Mother" #lcinpp #goldlact12

26-Feb-12 18:23 | goldconf

Kay Hoover, presenting "Fostering Father and Family Support for the #Breastfeeding (or soon to be) Mother" #lcinpp #goldlact12

26-Feb-12 18:23 | iamambermccann

Tweeting again from #lcinpp. The afternoon is filled with living #lactation legends: Kay Hoover and Diane Wiessinger. #goldlact12

26-Feb-12 18:21 | goldconf

@callmecass I can feel the energy from @dianaibclc talk all the way in the UK!! #lcinpp

26-Feb-12 17:22 | moonflowerlc

RT @lcmidwife: "Be there to celebrate every drop# I LOVE THIS! Thank you @DianaIBCLC #LCinPP

26-Feb-12 17:19 | moonflowerlc

RT @callmecass: So important! RT @Stylin_Momma: 'Tell me what you've done' vs. 'Have you tried'. Small shift, HUGE difference to moms. @DianaIBCLC #lcinpp

26-Feb-12 17:18 | moonflowerlc

@lactagogue SNS use may depend on a) what mom has done already, b) when mom is going to work) c) underlying belief/commitment to #bf #lcinpp

26-Feb-12 17:12 | MamiMiaNYC

RT @lactagogue: Anyone else find that moms often don't like using an SNS? Thoughts? Seems like others have much more luck with that tool. #lcinpp

26-Feb-12 17:10 | sherrycnm

Well done to @dianaIBCLC . Fantastic presentation . #lcinpp

26-Feb-12 17:10 | NicolaIBCLC

Anyone else find that moms often don't like using an SNS? Thoughts? Seems like others have much more luck with that tool. #lcinpp

26-Feb-12 17:08 | lactagogue

RT @JeanetteIBCLC Moms w hypoplasia make colostrum and babies are likely to look great in the hospital. ~ Diana Cassar-Uhl, IBCLC #LCinPP

26-Feb-12 17:08 | LactSpeak

RT @BreastfeedingNY Important for #IBCLC to distinguish btw perceived lactation failure and actual lactation failure, @dianaIBCLC #lcinpp

26-Feb-12 17:06 | LactSpeak

RT @lcmidwife: "Be there to celebrate every drop# I LOVE THIS! Thank you @DianaIBCLC #LCinPP

26-Feb-12 17:06 | NicolaIBCLC

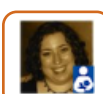

"@callmecass: Yes!! RT @lcmidwife: "Be there to celebrate every drop# I LOVE THIS! Thank you @DianaIBCLC #LCinPP" Me too!!!

26-Feb-12 17:05 | SimplyMotherInc

RT @iamambermccann Diana [Cassar-Uhl, LactSpeaker] has control of her session. #signofagreatspeaker #lcinpp

26-Feb-12 17:04 | LactSpeak

shoutout to @moonflowerlc for her help with the slides and awesome quote at the end. We miss you! #lcinpp

26-Feb-12 17:04 | callmecass

<http://t.co/4Otr6hyj> european milk bank statement on milk sharing #lcinpp

26-Feb-12 17:04 | NicolaIBCLC

block and report. block and report. block and report. #spamsucks #lcinpp

26-Feb-12 17:03 | callmecass

RT @JeanetteIBCLC What is hypoplasia? Insufficient glandular tissue that leads 2 primary lactation failure-rare but little research. #LCinPP

26-Feb-12 17:02 | LactSpeak

RT @callmecass: I have also worked with moms who mourned the loss, and really needed help giving themselves permission NOT to breastfeed. #lcinpp

26-Feb-12 17:02 | iamambermccann

I have also worked with moms who mourned the loss, and really needed help giving themselves permission NOT to breastfeed. #lcinpp

26-Feb-12 17:01 | callmecass

RT @callmecass Folks @ home: Do U know abt mammary hypoplasia & insufficient glandular tissue? Many don't. Educate yourself! #lcinpp #ibclc

26-Feb-12 17:01 | LactSpeak

@paulasantilc Great to have your virtual presence! Jump in and ask questions about Twitter - we were all new once! #LCinPP

26-Feb-12 17:01 | BirthSwell

Need to differentiate between giving information & causing fear, but mothers WANT to know. #lcinpp

26-Feb-12 17:00 | callmecass

In general people want information, especially moms #lcinpp

26-Feb-12 17:00 | LeighAnne625

RT @iamambermccann Rockstar [LactSpeaker] @dianaibclc makes us proud to be in the same profession! #ibclc #lcinpp

26-Feb-12 17:00 | LactSpeak

@Stylin_Momma: 'Tell me what you've done' vs. 'Have you tried'. Small shift, HUGE difference to moms. @DianaIBCLC #lcinpp

26-Feb-12 16:59 | eurolacpunftnet

RT @JeanetteIBCLC: Mothers with hypoplasia CAN be breastfeeding mothers. ~ Diana Cassar-Uhl, IBCLC #LCinPP

26-Feb-12 16:59 | NurturedChild

RT @LeighAnne625: Supplementing at the breast really helps #IGT moms via @DianaIBCLC #lcinpp

26-Feb-12 16:59 | BeauChoix

This! :) RT @JeanetteIBCLC Will I ever be confident that I didn't misspell galactagogue? #LCinPP

26-Feb-12 16:57 | HygeiaKate

RT @lcmidwife: "tell me what you've done to maximize your milk production" rather than "have you tried...?" empowers the mom. #LCinPP

26-Feb-12 16:56 | NurturedChild

Supplementing at the breast really helps #IGT moms via @DianaIBCLC #lcinpp

26-Feb-12 16:56 | LeighAnne625

Enjoying the tweets from #lcinpp and am already applying some lessons learned! #lcinpp

26-Feb-12 16:55 | MamiMiaNYC

So important! RT @Stylin_Momma: 'Tell me what you've done' vs. 'Have you tried'. Small shift, HUGE difference to moms. @DianaIBCLC #lcinpp

26-Feb-12 16:52 | callmecass

Moms want doc to refer to IBCLC #lcinpp

26-Feb-12 16:51 | LeighAnne625

RT @callmecass: Tried to write back to my daughter's note about her breakfast today. Except my fingers wanted to type BREASTfast. #inthegroove #lcinpp

26-Feb-12 16:51 | iamambermccann

Will I ever be confident that I didn't misspell galactogogue? #LCinPP

26-Feb-12 16:51 | JeanetteIBCLC

'Tell me what you've done' vs. 'Have you tried'. Small shift, HUGE difference to moms. @DianaIBCLC #lcinpp

26-Feb-12 16:51 | Stylin_Momma

"tell me what you've done to maximize your milk production" rather than "have you tried...?" empowers the mom. #LCinPP

26-Feb-12 16:51 | lmidwife

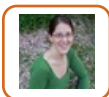

RT @BirthSwell: Consider a policy that informs your clients that sharing PHI over e-mail, text may be not be secure. ~ Barbara Cobuzzi #LCinPP

26-Feb-12 16:51 | smithfleischman

RT @JeanetteIBCLC: Check out ABM's protocols for increasing milk production/galactogogues: <http://t.co/pzxonb76> #LCinPP

26-Feb-12 16:50 | iamambermccann

Check out ABM's protocols for increasing milk production/galactogogues: <http://t.co/pzxonb76> #LCinPP

26-Feb-12 16:50 | JeanetteIBCLC

RT @LeighAnne625: Goat's rue postpartum may help boost milk production #IGT #lcinpp

26-Feb-12 16:49 | moonflowerlc

RT @JeanetteIBCLC: IGA: Prenatal expression of colostrum can be used to supplement, may improve later milk production. ~ Diana Cassar-Uhl, IBCLC #LCinPP

26-Feb-12 16:49 | moonflowerlc

Oh the spammers are out in full force....SO much block & report going on over here... #lcinpp

26-Feb-12 16:48 | Stylin_Momma

@JeanetteIBCLC @moonflowerlc I'll pretend with you. Only I didn't get a Monique hug.... :(#LCinPP

26-Feb-12 16:47 | Stylin_Momma

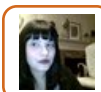

RT @JeanetteIBCLC: Strategies for hypoplasia: emphasize the best possible birth/postpartum practices for increasing success. ~ Diana Cassar-Uhl, IBCLC #LCinPP

26-Feb-12 16:47 | moonflowerlc

Tried to write back to my daughter's note about her breakfast today. Except my fingers wanted to type BREASTfast. #inthegroove #lcinpp

26-Feb-12 16:46 | callmecass

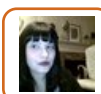

RT @JeanetteIBCLC: IGA: Prenatal expression of colostrum can be used to supplement, may improve later milk production. ~ Diana Cassar-Uhl, IBCLC #LCinPP

26-Feb-12 16:43 | lactagogue

RT @JeanetteIBCLC: Ask a mom to show you pictures before her breast surgery - images hold important clues! ~ Diana Cassar-Uhl, IBCLC #LCinPP

26-Feb-12 16:43 | moonflowerlc

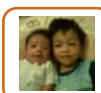

RT @callmecass: I think "We need more research" is the refrain of the day. Let's make this happen! #lcinpp

26-Feb-12 16:43 | lactagogue

Goat's rue postpartum may help boost milk production #IGT #lcinpp

26-Feb-12 16:43 | LeighAnne625

RT @JeanetteIBCLC: Just because a mom had breastfeeding challenges w 1st baby doesn't equal challenges with subsequent babies! ~ Diana Cassar-Uhl #LCinPP

26-Feb-12 16:43 | addesita

RT @BreastfeedingNY: RT @JeanetteIBCLC: learn more about how environmental factors can impact hypoplasia Check out @DianaIBCLC blog: <http://t.co/W3nJS0oL> #lcinpp

26-Feb-12 16:42 | moonflowerlc

Can't prescribe or recommend, but can give moms information to take back to their doctors. #lcinpp

26-Feb-12 16:42 | callmecass

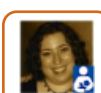

RT @BreastfeedingNY: @DianaIBCLC talking mammary hypoplasia. <http://t.co/IJbl77y0> #ibclc #breastfeeding #lcinpp

26-Feb-12 16:42 | moonflowerlc

RT @BestFeedYRBaby: Did the "booby fairy" never arrive when pregnant? You could need help with milk supply. #callanIBCLC #LCinPP

26-Feb-12 16:40 | moonflowerlc

RT @LeighAnne625: Prenatal expression of colostrum can help a mom with #IGT #lcinpp

26-Feb-12 16:40 | callmecass

RT @birthswell: Consider a policy that informs your clients that sharing PHI over e-mail, text may not be secure. ~ Barbara Cobuzzi #LCinPP

26-Feb-12 16:39 | hillyarboucher

Prenatal expression of colostrum can help a mom with #IGT #lcinpp

26-Feb-12 16:39 | LeighAnne625

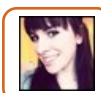

@callmecass I've seen moms have success with Metformin post partum. #lcinpp

26-Feb-12 16:39 | Stylin_Momma

RT @callmecass: I think "We need more research" is the refrain of the day. Let's make this happen! #lcinpp

26-Feb-12 16:39 | iamamermccann

RT @seattleLC: normal breasts online gallery... #LCinPP <http://t.co/sQCKae6l>

26-Feb-12 16:39 | laurie_sanders

RT @callmecass: Moms w/PCOS may have benefit from staying on metformin. Needs more research. #lcinpp

26-Feb-12 16:38 | Stylin_Momma

RT @callmecass: Important to help mothers distinguish between perceived and actual lactation failure. #lcinpp

26-Feb-12 16:38 | mackeylane

RT @JeanetteIBCLC: Just because a mom had breastfeeding challenges w 1st baby doesn't equal challenges with subsequent babies! ~ Diana Cassar-Uhl #LCinPP

26-Feb-12 16:38 | breastfednhappy

RT @JeanetteIBCLC: What is hypoplasia? Insufficient glandular tissue that leads to primary lactation failure - rare but little research. #LCinPP

26-Feb-12 14:16 | DianaIBCLC

"Be the sand in their shoe" Barbara Cobuzzi, on getting your answer from insurance company. Keep at 'em, push for your answer(s)! #lcinpp

26-Feb-12 14:16 | BreastfeedingNY

B. Cobuzzi: "Similar to other non-physician provider (NPP), the #ibclc should also be a recognized NPP." #lcinpp #goldlact12

26-Feb-12 14:15 | goldconf

Understand the costs of doing business - your time is valuable and worth money! ~ Barbara J. Cobuzzi #LCinPP

26-Feb-12 14:15 | BirthSwell

When you contact a payer, don't let the automated menu control you. Push whichever # will help you reach a person. #lcinpp

26-Feb-12 14:14 | callmecass

Barbara Cabuzzi says The Type E Woman... <http://t.co/kPJW8iNx> is a great book. #lcinpp

26-Feb-12 14:13 | SimplyMotherInc

The type E woman: everything to everyone. Learn to say NO and to delegate. #LCinPP #destress

26-Feb-12 14:13 | BestFeedYRBaby

Yup. Me too, RT @BreastfeedingNY: Um, yeah, I'm probably a Type E woman - Everything To Everyone! #palmtoface #lcinpp

26-Feb-12 14:12 | callmecass

Are you a type E Woman? Everything to Everybody? (so me, eh?) <http://t.co/1gneZnsv> #lcinpp

26-Feb-12 14:11 | iamambermccann

RT @callmecass: B. Cobuzzi: Type "E" woman - you're everything to everyone. Doesn't know how to say NO. Have to learn to delegate, how to say no. #lcinpp

26-Feb-12 14:11 | HADwiggins

@callmecass @LizBrooksIBCLC Right? I'm barely functioning....I need more coffee ;) #lcinpp

26-Feb-12 14:04 | Stylin_Momma

Coincidence? I think not! RT @callmecass: consensus: the manuals for reimbursement are not written to be readable by layperson. #lcinpp

26-Feb-12 14:02 | BreastfeedingNY

Everyone should have an NPI number. #lcinpp

26-Feb-12 14:02 | SimplyMotherInc

General consensus: the manuals and rules for reimbursement are not written to be readable by a layperson. #lcinpp

26-Feb-12 14:00 | callmecass

Good question. Are the private payer reimbursement rules understandable by the lay man...I say No! #lcinpp

26-Feb-12 14:00 | SimplyMotherInc

RT @BreastfeedingNY: Golden rule: GET IT IN WRITING from the payer (insurance) if they say they're going to pay! Don't just go by phone call! #lcinpp

26-Feb-12 14:00 | cradlehold

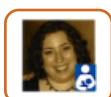

Golden rule: GET IT IN WRITING from the payer (insurance) if they say they're going to pay! Don't just go by phone call! #lcinpp

26-Feb-12 13:59 | BreastfeedingNY

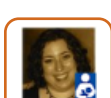

When speaking with Private Payers, do not accept what they tell you on the phone. Get the rules in writing. #lcinpp

26-Feb-12 13:58 | SimplyMotherInc

Now @LizBrooksIBCLC is playing mic-runner. Some people have a LOT of energy this early in the morning! #lcinpp

26-Feb-12 13:58 | callmecass

This: RT @BreastfeedingNY: My head is spinning...it so whacked that getting paid to do this great work is such a bureaucracy! oy! #lcinpp

26-Feb-12 13:56 | callmecass

My head is spinning ... it so whacked that getting paid to do this great work is such a bureaucracy! oy! #lcinpp

26-Feb-12 13:52 | BreastfeedingNY

RT @LizBrooksIBCLC: D2 of #LCinPP. Eager to hear @DianaIBCLC discuss hypoplasia & Diane Wiessinger's "Everything Else About Breasts"

26-Feb-12 13:47 | forbabiesake

B. Cobuzzi: This presentation refers to Medicare bc they are only national standard w/rules available online to anyone. #goldlact12 #lcinpp

26-Feb-12 13:44 | goldconf

Day 2 with @iamambermccann, @BirthSwell, me and @callmecass ! Ready for session 1 - coding and billing #LCinPP <http://t.co/telycmoC>

26-Feb-12 13:38 | BreastfeedingNY

Day 2- Barbara Cobuzzi is on. Coding and Charting to Get Paid for Private Lactation Consultants #lcinpp

26-Feb-12 13:36 | SimplyMotherInc

Last day of #lcinpp. But still a full day ahead of speakers and engagement. Always the best conference of the year for me!

26-Feb-12 12:00 | phjone

Day Two of #LCinPP about to begin. Eager to hear @DianaIBCLC discuss hypoplasia & Diane Wiessinger's "Everything Else About Breasts"

26-Feb-12 11:38 | LizBrooksIBCLC

@moonflowerlc @LactSpeak @NurturedChild ooh, now I am so much happier! thank you for collecting the #LCinPP tweets for us all!
